- 9.2 The client's right to invoke a failure lapses in the absence of timely notification as referred to in the previous article.
- 9.3 In the event Aboma Consultancy is unable to carry out the activities or is unable to carry them out in time or properly, due to a cause that is not attributable to it, including but not limited to stagnation in the regular course of events within the client's business, the obligation to carry out the activities will be suspended until the moment Aboma Consultancy is able as yet to carry out the activities in the agreed manner, without the client being able to claim performance and/or compensation.

- 11.1 Without prejudice to the provisions of Article 6:89 of the Dutch Civil Code and without prejudice to the provisions of these general terms and conditions, claims on the part of the client pursuant to the contract lapse if such claims are not brought before the competent court within one year after the facts on which the claim is based became known or could reasonably have been known to the client.

Article 12. The client's liability

- 12.1 The client arranges for a safe working environment for the Aboma Consultancy employees and the auxiliary persons engaged by Aboma Consultancy who are involved in the performance of the activities and is obliged to do and refrain from doing everything that may reasonably be expected of the client in order to prevent the Aboma Consultancy employees and the auxiliary persons engaged by Aboma Consultancy from sustaining damage while performing the activities.
- 12.2 The client is liable for damage or injuries caused to employees, to auxiliary persons engaged by Aboma Consultancy or to the property of Aboma Consultancy or third parties, in the event that damage or those injuries were caused during the performance of the activities, and indemnifies Aboma Consultancy against claims from third parties in that connection.

Article 13. Payment

- 13.1 The activities performed, increased by the payments made to any third parties that were engaged, will be invoiced to the client, including any turnover tax due, per period or following completion of the activities.
- 13.2 Payment must be made within 30 days after the invoice date without reliance on setoff or suspension.
- 13.3 In the event the client has not paid within the term referred to in article 13.2, it will be in default by operation of law and Aboma Consultancy will have the right, without requiring prior notice of default, to charge statutory commercial interest as referred to in Article 6:119a of the Dutch Civil Code as from the due date of the invoice.

- 13.5 The client provides additional or other security for payment at Aboma Consultancy's first request.
- 13.6 Prior to and during the performance of the activities, Aboma Consultancy will have the right to suspend performance of the activities until the moment the client has paid an advance determined on the basis of reasonableness for the activities to be performed or has provided security in respect thereof.
- 13.7 Payment of the activities carried out by Aboma Consultancy does not depend on the outcome thereof.
- 13.8 All reports, certificates/declarations and other documents drawn up by Aboma Consultancy within the context of the contract remain the property of Aboma Consultancy at all times in accordance with article 15. The use of the works concerned by the client is only permitted if the client has complied in full with its financial obligations to Aboma Consultancy.

Article 14. Confidentiality

- 14.1 Without prejudice to the provisions of paragraph 3 of this article, Aboma Consultancy is obliged to observe confidentiality towards third parties not involved in the performance of the contract, with the exception of obligations to disclose information imposed on it in law and/or guidelines and with the exception of disclosure pursuant to an administrative order issued by a competent supervisory authority or pursuant to a court decision.

- 14.2 The confidentiality referred to in article 14.1 concerns the existence of the assignment and all information of a confidential nature that has been made available to Aboma Consultancy by the client and the results obtained through processing thereof.
- 14.3 Aboma Consultancy has the right to use the numerical information obtained within the context of the performance of the activities for the purpose of statistical or comparable purposes, provided this information cannot be traced back to the client.
- 14.4 Unless Aboma Consultancy has approved such in writing in advance, the client will not be allowed to disclose the contents of reports or other statements made by Aboma Consultancy in writing or otherwise, which were not drawn up for the purpose of providing third parties with the information laid down therein.

Article 15. Intellectual property rights, use and licence

- 15.1 Aboma Consultancy owns and is exclusively entitled to its name, logo, working method, regulations, certificates, investigations, declarations and (audit) reports, etc.
- 15.2 The client is not allowed to use all or part of the intellectual property objects referred to in article 15.1 or to process, reproduce or use them for purposes other than those agreed between the parties, unless it has obtained Aboma Consultancy's prior, written approval.
- 15.3 The intellectual property rights in respect of the application(s) made available by Aboma Consultancy within the context of the contract continue to be vested exclusively in Aboma Consultancy or the third party from which Aboma Consultancy acquired the right of use. Insofar as necessary for the client's use, Aboma Consultancy grants the client in writing a limited, non-exclusive, non-transferable right to use the application(s) in respect of which no sublicences can be granted, unless the parties agree otherwise in writing.
- 15.4 If Aboma Consultancy is willing to commit to transfer of an intellectual property right, such a commitment and transfer can only be assumed in writing and expressly. In the event the parties agree in writing that an intellectual property right with respect to specific software, data files, equipment or other items developed for the client or otherwise, will pass to the client, a separate intellectual property right will arise, which means that Aboma Consultancy's right or possibility to continue using and/or exploiting the components, general principles, ideas, designs, algorithms, documentation, documents, works, programming languages, protocols, standards and suchlike, which form the basis for that development, without any limitation for other purposes, either on its own behalf or for third parties, will not be affected. Nor will this creation of a separate intellectual property right prejudice Aboma Consultancy's right to perform developments for itself or for a third party that are similar to or derived from those that are or have been performed for the client.
- 15.5 Even if the contract does not provide for an explicit right to do so, Aboma Consultancy will have the right to implement technical provisions to protect the application(s) and/or data files and suchlike in connection with an agreed limitation to the content or the duration of the right to use these objects.

The client is not allowed to remove or circumvent such technical provisions or have such technical provisions removed or circumvented.

- 15.6 The client acquires a licence to use the application(s) if it complies in full with its payment and other obligations under the contract with Aboma Consultancy.
- 15.7 Without Aboma Consultancy's written approval, the client is not allowed to use the application(s) or have them used more broadly or differently than was agreed. In case of broader or other use that was not agreed, Aboma Consultancy will be entitled to a payment in connection with infringement of its rights amounting at least to three times the agreed fee or, at any rate, a payment that is proportionate to the infringement committed in accordance with the standards of reasonableness and fairness, without prejudice to Aboma Consultancy's right to claim compensation of the damage actually sustained.
- 15.8 The client is not or no longer allowed to use the results that were made available, in which connection each licence provided to the client within the context of the assignment will lapse:
 - a. from the moment the client fails to comply or fails to comply in full with its payment and other obligations under the contract or is otherwise in default, unless the client's failure is of minor importance in view of the overall assignment;
 - b. in the event the assignment is terminated prematurely for any reason whatsoever, unless the consequences thereof are in breach of the standards of reasonableness and fairness.

Article 16. Privacy, data processing and security

- 16.1 In the event Aboma Consultancy deems this important to the performance of the contract, the client will inform Aboma Consultancy in writing without delay upon request of the manner in which the client complies with its statutory obligation in the area of the protection of personal data.
- 16.2 The client indemnifies Aboma Consultancy against claims from persons whose personal data are being processed or have been processed within the context of a processing carried out by the client or for which the client is responsible pursuant to the law or otherwise, unless the client demonstrates that the facts on which the claim is based are exclusively attributable to Aboma Consultancy.
- 16.3 The responsibility for the data that are processed using a service or product provided by Aboma Consultancy lies exclusively with the client. The client guarantees towards Aboma Consultancy that the content, use and/or processing of the data are not unlawful and do not infringe any third-party rights. The client indemnifies Aboma Consultancy against all legal claims from third parties on any basis whatsoever related to these data or the performance of the contract.
- 16.4 In the event Aboma Consultancy is obliged to provide for information security on the basis of the contract, such security will comply with the security specifications that have been agreed in writing

between the parties. Aboma Consultancy does not guarantee that the information security is effective in all circumstances. In the event the contract does not include specifically-described security, the security will comply with the level that is not unreasonable in view of the state of the art, the sensitivity of the data and the costs related to the implementation of the security.

- 16.5 In the event computer, data or telecommunication facilities are used for the performance of the contract or for other reasons, Aboma Consultancy will have the right to assign the client access or identification codes. Aboma Consultancy has the right to change access or identification codes that have been assigned. The client will treat the access and identification codes in confidence and with due care and will only disclose them to authorised employees. Aboma Consultancy is not liable for damage or costs resulting from the use or abuse made of access or identification codes, unless the abuse was made possible as a direct result of an attributable failure or omission on the part of Aboma Consultancy.
- 16.6 Aboma Consultancy reserves the right to use its reports in anonymised form to gain insight into relevant market information.

Article 17. Termination of the contract

- 17.1 In the event the client:
- a. fails to comply with the obligations arising for it from the contract;

- 18.1 All contracts between Aboma Consultancy and the client are governed by Dutch law.
- 18.2 All disputes arising from the contracts concluded between Aboma Consultancy and the client will be submitted to the civil courts in the Gelderland court district, without prejudice to Aboma Consultancy's right to apply to a different court that is competent pursuant to the law.
